

**SUMMER CAMP
JUNE 27-AUGUST
12**

Join us for a seven-week tour as we travel the world this summer with Sinai Temple Pre-school. Through a wide array of experiences and hands-on activities children have a myriad of opportunities to play, make new friends and discover their own ideas and interests.

Included in all of the fun will be: daily water play, a petting zoo, puppies, a reptile show, pajama day, special hat day, silly hair day, backwards day, and Dale! Jewish life, observance and celebration are an organic component of our program as children learn Hebrew songs, blessings and prayers, along with the importance of mitzvot, and the beauty of their heritage.

This seven-week program is structured to give parents the flexibility they need during the lazy days of summer. It's all about providing a wonderful and enriching experience for your child--and accommodating your summer schedule at the same time!

Come for one day or 35 days of fun and adventure in a safe, predictable & familiar environment with their amazing teachers who promote each child's happiness, well-being and self-esteem

For children 2-5 years old who have been in preschool and/or are coming to preschool in the fall.
